The house is located in central Istria, between the Istrian towns of Gračiče, Lindar and Žminj. It is located on a hilly terrain in the middle of a tame Istrian oak forest. Distance from urban centers 20 - 25 km. It was conceived as a combination of modern architecture and traditional Mediterranean style with simple lines, built with modern and traditional materials such as stone, wood and concrete.

The house has two floors, living area of 260 m2 on a plot of 1375 m2.

The living spaces of the house come into direct contact with the surrounding terrain through the outdoor terraces and have a beautiful open view of nature and the pool from the ground floor and first floor.

Estimated completion time is October 2024.

The design of the planned villa is an elongated rectangular floor plan with pergolas and canopies on the south side.

The villa consists of an entrance hall, a living room, a kitchen, a dining room, four bedrooms with four bathrooms, a toilet, a room and a utility room.

The ground floor consists of an open living room with a kitchen and dining room, a utility room and a toilet, and a bedroom with a bathroom.

The first floor consists of three bedrooms, each with its own bathroom.
