We have an extraordinary opportunity to sell a superb penthouse in Dugi Selo, in a brand new building. This penthouse covers an impressive 167 m2 and provides a luxurious and modern living space.

The property stands out for its high construction quality and has an A+ energy certificate, which guarantees energy efficiency and cost reduction. Aluminum-wood carpentry provides excellent insulation and silence, contributing to the comfort of living.

The living room is enriched with modern LED lighting that can be changed by remote control, creating an atmosphere adapted to your mood. This innovative feature allows you to adjust the lighting according to your wishes and needs.

The penthouse consists of a spacious living room with kitchen and dining room, three comfortable bedrooms, and modern designed bathrooms.

In addition, we especially highlight the large loggia, which is prepared for a jacuzzi and has a predetermined space for setting up a television. This is an ideal space for relaxation, enjoyment and socializing.

Additional amenities of this penthouse include two garages with charging stations for electric cars, promoting an environmentally conscious lifestyle. Also, the building is equipped with an elevator for easier access to the apartment, providing convenience and accessibility.

The location of the property is excellent, providing a peaceful and pleasant life in Dugi Selo. There are shops, restaurants, schools and other amenities nearby.

For any additional information or to organize an inspection, please feel free to contact us. Do not miss the opportunity to live in a luxurious penthouse with extraordinary amenities in Dugi Selo.
