It consists of a large living room, a fully equipped kitchen, four bedrooms, five equipped bathrooms and a garage big enough for two cars. The spacious terrace on the ground level is enhanced with a heated swimming pool. On the underground level, next to the garage, there is a space suitable for a gym/sauna.

Furthermore, all villas include a heated pool, a garage and are fully air-conditioned.

They are sold according to the "turnkey" system, with equipped kitchens and bathrooms, and only high-quality materials and equipment were used during construction; the floors are covered with modern large-format ceramic tiles or parquet, top quality sanitary ware, as well as three-layer glass from renowned manufacturers, electric blinds, etc.
