Stone villa built in Mediterranean style, oriented towards the sea, located on a plot of land of 3123 m2. It consists of 5 fully equipped apartments, two each on the first and second floors, and one on the third. Each apartment has a terrace of 40 m2 with a barbecue. On the ground floor of the building there is a garage with three parking spaces, and an outdoor parking lot with 10 parking spaces. On the spacious garden there is a tennis court, next to which there is a building with an apartment and a changing room, and a swimming pool.

Stomorska is a small fishing town, only 12 kilometers from the main port of Rogač. The great tourist interest has not changed the way of life of around 250 permanent residents, and I am sure that Stomorska will delight every visitor with its rustic charm.
