The Omis Riviera is full of surprises that make people always come back or stay there for the rest of their lives. One of such hidden pearls is this property, which consists of 4 indigenous Dalmatian houses that give the charm of the past, but have been renovated and renovated and have all the benefits of modern times.

The largest and main house has a floor area of 82 m2 and consists of a basement which houses a breakfast area and a traditional Dalmatian tavern. The ground floor has a kitchen, dining room, living room and bathroom. The first floor consists of three bedrooms and a bathroom, and on the second a separate apartment with access to the terrace with stunning sea views.

In the old Dalmatian yard there are three fully furnished smaller houses which, like the rest of the house, are successfully rented to tourists during the summer months.

In the yard, which covers 270 m2, there is a garage (38 m2) and the whole complex is a real business opportunity with the additional possibility of opening a restaurant or a traditional tavern.
