Exclusive sale

Korčula, Vela Luka, beautiful detached house BKP 142 m2 with a garden of 431 m2, located in the area of Kale, in a beautiful position only 300 m from the sea and the center of Vela Luka.

It is in good condition, and minimal investment is required.

The residential building consists of a basement, ground floor, first floor and high attic, and functionally it is three separate buildings

units, connected to each other partly by an external and partly by an internal staircase.

- In the basement part of the building (on the eastern part) there is one room with built-in fireplace and flue.

The cistern is completely buried in the ground and is located in middle part of the building.

-In the ground part of the building there is a separate space in one room with a toilet, which was previously used for various business purposes.

In the north-western part of the ground floor there is an auxiliary room - a garage
