Marina, beautiful villa spread over three floors, just a few steps from the sea. It consists of a total of six designer apartments, fully equipped with all necessary facilities.

Although each apartment is completely differently furnished, the layout is the same - entrance hall, two bedrooms, bathroom, living room, kitchen with dining area and balcony overlooking the sea. In the yard we can find a cultivated garden, children's playground, heated pool, while behind the building is a private parking lot with electric car charger. Also, for use by all apartments is a well-equipped gym located on the ground floor.

The marina is a romantically smaller place, located in the western part of the Trogir Bay along the Adriatic Highway, and consists of several hamlets. Ideal for relaxing and enjoying the scent of the Mediterranean, and only 19 kilometers away from Split airport.

I am available for all other questions.
