Five-room apartment divided into two apartments in an attractive location in Stenjevec with two parking spaces in the yard.

The first, larger apartment is a four-room apartment. It consists of a hallway, living room, dining room, kitchen, bathroom, 3 spacious bedrooms and loggia.

The second, smaller apartment is a two-room apartment. It consists of a hallway, living room, dining room, kitchen, bathroom and bedroom.

The apartments are fully equipped with quality materials. The floor coverings are quality parquet and ceramic tiles in the kitchens and bathrooms. Wooden exterior joinery with double-glazed windows.

The building is made of reinforced concrete and is completely safe.

The yard is fenced and enclosed, and in it there are two parking spaces that belong to the apartments, and there is also enough space for parking in case of need.

The location is busy, but the building is tucked away with a fenced yard, so it is quiet, and nearby are all the facilities necessary for life (schools, kindergartens, shopping centers, public transport, etc.)

Ideal for a family looking for a family apartment, while a second, smaller apartment can serve as a rental investment.
