Istria, Gračišće - an exclusive, luxurious villa with an area of 390 m³ on a plot of land of 1057 m² with an indoor and outdoor pool is for sale, which will be built according to the highest standards. It is located in the interior of Istria, in the quiet town of Batulj, not far from the town of Žminj. The villa was designed to represent a combination of traditional and modern architecture, its idyllic landscape and peace and 312 square meters of meticulously arranged interior is all that is needed for a superb vacation and complete privacy. It will be fully furnished with quality and luxurious furniture. There are three identical villas in the project, they are designed as vacation villas for larger families or groups of friends. On the ground floor, a spacious living room has been designed, which has a direct connection to the dining room and a high-quality kitchen with a large bar, so that a larger group of people can enjoy a perfect vacation. In a separate part, there is a wellness area with an indoor pool and a sauna. Upstairs there is another large terrace, three bedrooms with their own bathrooms, a luxurious home theater and a superbly equipped gym with a bathroom oriented towards the sun deck on the ground floor. Here, the emphasis is on relaxing and socializing outdoors, so the outdoor pool with sunbeds is particularly prominent. Between the living room and the kitchen there is a recessed and covered terrace, and on the north side a terrace with a barbecue covered by a wooden pergola. Both terraces are in direct connection with the sunbathing area, wellness and living room. Completion of construction and moving in is planned for the spring of 2024. Other information on request.
