The development offers beautiful contemporary one to five bedroom apartments available for sale and a select number of apartments available for rent. With graceful views of the Westminster skyline, these elegant residences are inspired by nearby Art Deco buildings and the signature lines of 1920s jewelry. Unlike any area of London, this project was designed to develop community and enrich everyday city life.

A place to live, laze and laugh; for shopping and work, for entertainment and dining; for unique panoramas of one of the most iconic cities in the world.
