In Maslenica, about thirty kilometers from Zadar, in a quiet environment, there is a beautiful house with a view of the sea.

This luxury house consists of four spacious, modern bedrooms with private bathrooms and custom-made built-in wardrobes. Each room has smart TV devices, air conditioning, and two bedrooms have a work area.

In this building, there are as many as three modernly decorated and equipped kitchens and dining rooms, and two guest toilets.

What is particularly attractive in this property is the swimming pool, but also the additional possibility of relaxing in the sauna and jacuzzi.

You will also find the special pleasure of staying in this house in the basement, where there is a tavern with a wine cellar, a kitchen and a grill, and a table for ten people.

On the outdoor terrace, which can serve as an additional space for rest and socializing, there is a summer kitchen with a bread oven and a baking tray.

In the landscaped garden, which uses an irrigation system, there is also an area for the youngest guests, a park with an anti-stress mat for the safety of children. As for the entertainment content of the house, it also includes billiards, table football and exercise equipment.

The house has entrances to the floors from the outside and as such can be used as two separate buildings.

This property is an excellent investment as a family home in a peaceful environment, but also as an investment in tourism, since it already has a well-established business.
