Owning a piece of history

Marylebone's rich history makes it one of the most sought after properties in central London. Marylebone's history begins in 1086, when the area was acquired by five aristocratic families over the course of 700 years.

Today Marylebone belongs to two large estates - the Howard de Walden estate and the Portman estate, between which this project is located.

This piece of the city's most valuable land remained unclaimed - until now. The project offers a rare opportunity to own a piece of central London's rich history.
