Building designed with noble materials and finishes thinking about the comfort and safety of our day-to-day, where stand out the glazed fronts, air conditioning, home automation and deck balconies. Taking advantage of the hill, the entire building was oriented south, allowing an unobstructed view of the bay. Although it is located in an exclusively residential area, it is within walking distance of primary and secondary schools, the hospital, the Barreiros stadium, as well as several shops, from pharmacy, mini markets, fruit shop and much more, with several accesses to the city center and the expressway. Expected completion in June 2023.
