surfers, due to the morning thermal tramontana wind, and in the middle of the last century famous motorcycle races were still held here. The microlocation and the location building itself are embedded in the local urban heritage. From the building and from the spacious terraces that are part of the environment, there is a panoramic view over the roofs of the building to the entire Kvarner Bay, the west coast of Istria (Liburnia), the islands of Krk, Cres and Lošinj.

In the immediate vicinity is the small romantic town of Volosko, dotted with narrow streets, once a fishing village, but today synonymous with good gastronomy. Volosko is the beginning of the famous Lungomare promenade, which leads us towards the queen of Croatian tourism, Opatija. A charming seaside town rich in history and culture, it is an oasis of many beautiful locations, monuments, colorful parks and idyllic villas. Ten kilometers to the east is the city of Rijeka, the administrative and cultural center of the Primorje-Gorski Kotar County and the third largest city in the Republic of Croatia in terms of population. The city of Rijeka holds the title of European Capital of Culture in 2020. Along with a number of cultural events, the Rijeka Carnival is certainly the most famous.

This building represents a combination of luxury, comfort and refined design.
