Project, with its classical and modern architecture, brings parks, gardens, unique cities, past and present to the entertaining streets of Italy which is the intersection center of a great civilization accumulation.

Its proximity to 3rd airport connection roads, Yavuz Sultan Selim Bridge and the metro lines, planned to be completed in the near future, increases the investment value.

Dozens of private schools, public schools and colleges where your children can continue their education with peace of mind will be your neighbor in the project.
