Project, which won Europe's Best Urban Renewal Project award, was implemented as an urban renewal project in Tarlabası, Beyoğlu. Project rising on Tarlabasi Boulevard consists of 9 islands. Project Residence project, where historical buildings have been restored and reinterpreted with contemporary architecture, draws attention with its location.

Project, has the distinction of being the first and largest urban renewal project that takes place via partnership of public-private partnership.

Tarlabasi Boulevard and the offices which are completely closed to vehicle traffic and have facades to the concept street, attract attention with their modern lines and bright architecture as well as being intertwined with the historical texture. With its location in the center of Taksim, the project offers both transportation and social life comfort.

Offering a prestigious office life in the city center and close to the connecting roads, Project will not only be a privileged living center, but also an advantageous investment vehicle. A total of 128 offices, ranging from 63m² to 630 m² in Project, have been designed with a pleasant and productive working environment in mind.
