Project Home, Homeoffice consists of 279 independent sections ranging from 73 square meters to 193 square meters and offers the opportunity to use both home, office and home office with its privileged services.

Project, LEED Gold candidate is an environmentally friendly world; LEED, issued by the American Green Buildings Council, is a green building certificate that is recognized worldwide. Project aims to achieve 40% efficiency in energy consumption compared to similar buildings by meeting all the criteria of LEED Gold certificate with its environmentally friendly practices. In addition, all materials used in construction are selected from the genre that does not harm human health.

Project is located the business center district of Istanbul European side which renders it as an appropriate location for business persons. The fact that Istanbul Justice Palace is 400m to Caglayan Courthouse provides a great advantage especially for lawyers.
