Project awaits you next to Yalikavak Marina in the last bay of Yalikavak, one of the most beautiful spots of Bodrum.

Life in a seaside town awaits you in Project. Everything from your fisherman approaching your pier early in the morning to your daily egg, milk, newspaper and even cheeses from your deli in Southern Italy was thought for you in this town. In addition to all these, your grocery store, butcher and supermarket in the town square are open for you from morning to evening.

Project, with its 460 meters of coastline and 2,000 m2 of sandy beach, is inspired by the fascinating nature of the Aegean and the deep blue sea. Your house in Project will be built in natural colors and textures in accordance with the Aegean spirit. You will watch the unique sunset from your terrace or garden, and you will inhale the scent of tangerine and lemon trees while walking through the carefully designed lush Aegean gardens.

Foldhome system offers you 24 different private areas such as music room, fitness room, Playstation room, cinema room, which you cannot have at home at any moment but you always want to have. Foldhome introduces you to the pay-as-you-go system. Without a fixed dues, you can enjoy every room as if you were at home, at an affordable price that you only pay when you use it.

There is also Foldhome system in Project. It provides thoughtful solutions that include the social activities that the target audience will use outside the housing. All of the Foldhome units are owned by the house owners and everyone is entitled to the shares.
