With being in the heart of the city, Project has a special location that allow its residents to experience a unique atmosphere of Istanbul.

Project offers 10,000 square meters of landscape and a unique living space for all members of your family. From the moment you become a member of Project, you will benefit from the exclusive luxury assistance services. From car rental to private chauffeured / non-chauffeured private car services to VIP airport transfer, many special services will make your daily life so easy and you will feel so special that you will not give up on it.

Project offers quite advantageous options with its flexible architecture consisting of a total of 1080 modules. This modular system, designed with a unifying approach, allows you to determine your own living space square meter again. Project can make your house smaller and bigger, you can live in the same square meter or you can rent it by dividing this area.
