Inspired by honey and designed as honeycomb, Project, with its smart building system technology, adds an outstanding vision to Taksim, which is admired by the world. You will fall in love with Istanbul again with its panoramic view and you will feel more special in every moment of time. The large windows used in the entire structure, daylight and unique landscape atmosphere will give you the freshness you miss.

Project, which was implemented in Taksim on the European side, offers an excellent investment opportunity for those who want luxury, spacious and prestigious life in Istanbul with honeycomb pattern. Taksim Iris; In addition to residence apartments with 1 + 1, 2 + 1 and 3 + 1 options, it also invites you to the versatility of living in the center of life as the new attraction of the city with its offices and shops.

The 1 + 1s in the project were designed as 105 to 137 square meters, 2 + 1s in 110 to 160 square meters, and 3 + 1s in 300 to 338 square meters. The offices range from 90 to 142 square meters, while stores range from 157 to 300 square meters.

Project, which consists of 112 residence apartments, 15 offices, and 5 shops, is located within walking distance of Taksim Square, metro and bus stop. Wherever you are in Istanbul, you will enjoy the peace of accessing your home or office as soon as possible.
