Rising high along with the matchless view, Project elegantly welcomes you at the heart of the city. Hosting world-famous brands, 5-star hotels, popular restaurants and historic buildings, Nişantaşı is located at the city's heart. For the stylish people with aesthetic and practical needs who enjoy discovering different spots of a city, Nişantaşı is the focus of creativity and luxurious life as well as being very close to the financial and residential areas in the city. It is an embodiment of the term "Synthesis of East and West" that is used to describe Istanbul's profound beauty with Neoclassical and Neo-Baroque buildings residing with modern apartments. This synthesis manifests itself with flexible spatial plans of the flats, and the project constructed with this approach becomes one of Nişantaşı's symbols. Standing tall with 22 floors, Project has a total of 121 residences that come with 31 different types of flats ranging from 1+1 to Penthouse.
