Project is a brand new project that will make you experience Istanbul to the fullest, with the moonlight reflecting on the sea and the insatiable glow of the Princes' Islands. It is designed for those who want to invest in their future in the rising star and most profitable district of Istanbul's Anatolian side.

Project is intended to allow you to quickly transit throughout Istanbul via the Metro, Marmaray, and Sea Bus, as well as Sabiha Gökçen Airport, which is only 10 kilometers away. Furthermore, at Project, it is possible to live a fulfilling life, quickly, cheaply, but comfortably, and to enjoy these options at accessible costs in a young and modern-spirited site with 1+1, 2+1, and 3+1 apartments.

Being able to get plenty of oxygen, do sports and socialize in the open air on a coastline with parks, cafes, and walking and biking trails within a 5-minute walk adds value to our project.
