Project, rising in Dragos, the new attraction center of the Anatolian side with the magnificent Princes' Islands view of the Maltepe coast, offers you a privileged life right next to the transportation means, public institutions such as hospitals, universities, courthouses, hospitals, shopping, and living centers. With its structure planned for the peace, joy, and security of the homeowners, as well as the value and prestige of its location that is becoming more centralized day by day, Project is not only the warm home of your family but also the focus of investors.

Project is a special project which raises the quality of life with its indoor and outdoor recreational facilities, takes away the stress of the metropolis, and allows all residents of all ages to have a peaceful and enjoyable time. Life in Project will always be full of joy and peace thanks to its large, exclusive landscapes, apartments with a view of the Princes's Islands and large balconies, outdoor swimming pool, basketball courts, fitness center, sauna and pilates studio, digital game room, walking track and playgrounds. You will find everything you want in Project. In the project, which plans to offer you the comfort of a hotel for 365 days with its services, from reception service to dry cleaning, technical service, and many services that will make your life easier, are at your disposal.

Project consists of 2 blocks. There is a life suitable for different lifestyles in the 692 apartments of the project. Planned to be functional in every inch, the apartments will be a safe, comfortable, and pleasant home for you.
