Beautiful single-level villas with a double garage located in a residential area in San Javier. They are designed with luxury in mind. They use high-quality materials and sit on large plots, approximately 600 square meters each. These homes come with a double garage and are all distributed on one floor. Inside, there are three spacious bedrooms, including a master bedroom with its own bathroom, and another bathroom for the family. The main living room has high ceilings, giving it a modern and open feel. The kitchen is fully equipped with appliances, an island, and a cool dining area. Next to the kitchen, there's a separate room for laundry and storage. The main living area has large windows that let in lots of natural light all day. You can step out onto a spacious terrace with a barbecue, a private swimming pool, and a garden. Outside, there's also a private roof area with a pergola and a kitchen for the summer. Only three of these amazing homes are available. They're right in the middle of San Javier, a busy Spanish town where everything you need is just a short walk away.
