The complex is located in Begur, in the heart of Empordà. A city with significant Mediterranean, historical and picturesque character. One of the most wonderful corners of the Costa Brava. Begur, with its coastline of incomparable beauty, where pine trees, coves with crystal clear waters, and rugged coastline, have made it one of the most popular areas of the Costa Brava. The project combines the exclusivity of a unique environment with modern and functional houses, straight lines and spacious interiors. High quality finishes and large openings offering exceptional views of the Mediterranean Sea. The houses, perfectly integrated into the landscape, have been designed to achieve the highest results in terms of sustainability and energy efficiency. The houses are located on two levels plus a garage, with a total area of approximately 320 m², built on plots of approximately 600 m². The houses have four bedrooms and four bathrooms. Elevator connecting three floors. On the lower floor there is a garage, technical room, gym and toilet. The kitchen is equipped with household appliances from the best brands on the market. Large swimming pool and garden. Heated floors and air conditioning.
