Zagreb, Gornji Bukovac. For sale: a modern apartment of 81 m2 net floor area (NKP) in a newly built residential and peaceful part of Gornji Bukovac, located in a high-quality multi-apartment building with 7 units.

The building has a basement, ground floor, and two additional floors, with the basement being partially below ground level and the ground floor being elevated. There are 2 residential units on each of the first three floors, and one on the third floor.

The interior, covering 71 m2, consists of a spacious living room with dining area and kitchen, 3 bedrooms, and a loggia of 8.69 m2 (calculated at 0.5). The apartment (S4) includes 2 parking spaces (VPM 7 and VPM 8), each measuring 12.50 m2, and a storage room of 8 m2.

The building was completed in 2023, and this is the only apartment available for sale.

The buyer is exempt from paying real estate transfer tax, as the seller is a legal entity.

EQUIPMENT:

- The roof of the building is a non-walkable flat roof with a gravel finish.
- The basic structural system of the building consists of longitudinal and transverse reinforced concrete and masonry walls in both directions, taking both vertical and horizontal seismic forces into account.
- Internal openings in the building are made of wooden joinery, stained and coated with clear varnish.
- Electric roller blinds.
- Individual gas heating.
- Quality aluminum windows with triple glazing.
- Certified anti-burglary, fireproof entrance doors.
