Townhouse properties in a new contemporary village development where you can bask in the excellent sunshine, enjoy spectacular views of the bays of Benidorm and Albir, and lead a healthy lifestyle. These properties, expected to be completed in 2025, offer a generous constructed area of 170 m<sup>2</sup> on a 186 m<sup>2</sup> plot. Each house features 4 bedrooms and 3 bathrooms, along with an additional toilet. The open plan kitchen is equipped with modern appliances, and the property also includes a utility room and storage room for added convenience. The properties come with 4 built-in wardrobes, air conditioning, and heating. The east orientation ensures plenty of natural light throughout the day. Outside, you'll find a private garage with parking for two vehicles, a garden with direct access to the communal areas, and several terraces with views. Many properties also feature a solarium, perfect for enjoying evenings outdoors with friends. The communal areas include a swimming pool. These homes are close to all services and the sports city of La Nucia. Their size and configuration make them ideal for clients who need more space, who want to make part of their properties profitable for renting while they continue to have their own homes, or who want a space for games, an office, or an area for the youngest members of the family.
