Istria, Smoljanci, newly built villa with a pool and sea view in the very center of the village.

Smoljanci is a small Istrian village near Svetvinčenat.

This spacious 200m2 villa is located on the last construction plot of 560m2 and spans two floors: on the ground floor, there is a fully equipped kitchen with a kitchen island, a toilet, a spacious dining area with access to the north terrace, and a living room with access to the pool located on the south side. On the villa's first floor, there are 3 bedrooms, each with its own bathroom, two of which have access to a beautiful terrace offering panoramic views of the greenery and the sea.

The modern design of the villa, characterized by a flat roof and large windows and glass walls, ensures abundant natural light and provides a stunning connection to the picturesque surroundings of central Istria.

It is equipped with underfloor heating, and heating and cooling are done through a heat pump.

The villa with a pool sized 35m2 (7x5m) also features a fireplace in the living room, alarm and video surveillance, smart home system, mosquito screens and preparation for solar panels with possibility of installation on the roof.

The installation of a summer kitchen, located on the north terrace, is in progress.

The villa is sold fully furnished.
