These incredible villas have been designed with a new concept and exceptional details, making them truly special. Each villa features a spacious living-dining area with an open kitchen, three or four bedrooms, and three bathrooms. Additionally, they include a storage room, a solarium, and an expansive garden with multiple terraces. Outside, you can enjoy your private pool and have a parking space for your car. The open floor plan allows abundant natural light into the living areas, creating a cozy and bright atmosphere. Each plot has a minimum of 500 square meters, ensuring a generous and pleasant garden. Imagine spending your days here, enjoying the wonderful climate year-round in the outdoor spaces of your villa. Located in Ciudad Quesada, these villas enjoy a fantastic location. Just steps away, you'll find restaurants, bars, a 4-star hotel with a spa, and supermarkets. Excellent bus connections allow access to an entertainment area, where you can enjoy services like shops, supermarkets, restaurants, pubs, pharmacies, and health centers. The Ciudad Quesada development was conceived decades ago as a "holiday city," allowing residents to live leisurely while engaging in their favorite recreational and entertainment activities. The proximity to the La Marquesa golf course adds a special touch to this bustling community. Only 10 minutes by car, you'll discover the stunning beaches of Guardamar de Segura, in a quiet area yet close to everything you could desire for fantastic vacations or year-round living. Murcia Airport is 40 minutes away, and Alicante is equally accessible within a 40-minute drive. Welcome to your new home in this Mediterranean paradise!
