Pula, in Vinkuran, located between the two municipalities of Pula and Medulin, is this large apartment of 100 m2, which is only 70 m from beautiful natural beaches.

The apartment is located on the ground floor of a residential building with only 4 apartments. In front of the building are the canopies of olive trees on non-construction land, on which further construction is not possible, and it serves as a parking lot.

There is a swimming pool in the yard with a view of the sea.

The apartment on the ground floor has a nice 20 m2 large terrace, a spacious living room where sliding aluminum walls will be installed to ensure the airiness of the space. The plan is to install a fireplace, three bedrooms that will be completely renovated, one of which is smaller, a bathroom and a smaller storage room.

An attractive property, close to the beach, which certainly represents a good investment opportunity.
