The villa has its own garden with a beautifully landscaped yard enriched with autochthonous herbs and plants to achieve the best possible Mediterranean atmosphere. During the design, care was taken to apply the original building values, such as simplicity, functionality, from which comfort and quality follow, both of the surrounding terrain - the yard and the interior space.

Each apartment has a view of the sea from beautiful comfortable terraces. One outdoor parking space is provided for each apartment in the yard. The villa has its own swimming pool for tenants in the courtyard, while the upper apartments-penthouses have their own pools-jacuzzi. When designing, the swimming pool was placed on a part of the field so as not to disturb the intimacy of the apartments.

The apartments will be built from the highest quality materials, chosen to satisfy energy efficiency, luxury and comfort. Illuminated by an abundance of natural light through large sliding balcony walls and equipped with the most modern materials.

All apartments have:

- Smart Inverter air conditioning heating and cooling systems in all rooms
