New development of 14 standalone villas in the esteemed locale of Altea Hill. Each villa has a private pool and a sun-soaked terrace. Additionally, there's a communal pool for residents to enjoy. These villas are generously sized, with a footprint of over 200 square meters. They are spread across two above-ground levels, a basement, and a rooftop terrace offering panoramic views of the sea and the mountains. On the ground floor there is a welcoming hall with access to the garage. This level also hosts a spacious living and dining area that seamlessly connects to an open-plan kitchen. A bedroom and a guest bathroom complete this level. Moving to the first floor, you'll find three ample bedrooms and two bathrooms (one of which is en-suite). The master suite comes with a sizable walk-in closet and access to a terrace spanning approximately 10 to 20 square meters, depending on the villa type. This terrace can also be reached from the second bedroom. All three bedrooms are outward-facing, adorned with expansive windows framing picturesque views of the mountains and the sea. This contemporary villa complex is strategically positioned, proximate to Altea's historic quarter, aqua parks, beaches, a marina, and a golf club, among other attractions. Each villa is crafted with premium materials and impeccable workmanship. The key handover is scheduled for June 2024. Prices start from €1,107,600 excluding VAT.
