These impressive villas consist of two semi-detached houses of two floors, own parking space outside, private pool, interior patio, terrace, solarium and basement with two storage rooms. The houses have 3 bedrooms and 2 bathrooms on the second floor and living-dining room with a toilet on the first floor. Homes aimed at the best orientation, with front line views of the golf course. They enjoy large windows properly oriented and protected, allowing the sun to warm and illuminate the interior of the homes in winter. Strategic openings in the carpentry ensure ventilation from the facades, interior patios... An environment strongly vegetated with native species that, with the consequent saving of water, will protect the bioclimatism, since its vegetal mass renews the air, generates cross ventilation and absorbs CO2 emissions. All the houses are designed and equipped to comply with high performance in terms of energy efficiency. Located 10 minutes from Alicante Airport and 20 minutes from the wonderful beaches of the Mediterranean Sea, with direct access to the freeways of Madrid, Murcia and Valencia, next to the new High Speed Train Station, it offers great ease of communication. Delivery date: 16 months from contract signature (approx. June 2026).
