A fabulous Catalan farmhouse, completely renovated and surrounded by a beautiful local botanical garden, is for sale surrounded by nature.

The current owners of this authentic farmhouse, who bought it more than twenty years ago when it was in ruins, have completely rehabilitated it with exquisite taste, in keeping with the style of a real farmhouse, but have also extended it and adapted it to suit current needs and amenities.

The house covers an area of more than 6650 m². In addition to the main building, there is a large well-kept garden, an orchard, parking for several cars, a small pond and a large swimming pool of 119 m².

The farmhouse, elegantly renovated and decorated, measures over 250 m². On the ground floor there is a kitchen, a dining-living room with a fireplace that opens onto a beautiful covered veranda, a work desk and a double bedroom, as well as a full bathroom. On the top floor there is a large double bedroom with private bathroom and access to a beautiful terrace, and two further double bedrooms with a shared bathroom, both with access to the terrace.

The swimming pool, the charming garden and the tranquility surrounding the surrounding area make this property every farmhouse lover's dream.
