Hreljin, semi-detached new construction with two apartments, turnkey, an ideal opportunity for a larger family or for tourist rental needs.

Architecturally playful, the house offers a range of technical, coloristic, and sensory stimuli to the new owners. The apartments are duplex, three-bedroom with living rooms, balconies, and loggias. On the ground floor, there are two terraces with an area of 21m² accessible from the living room. The apartments are completely separated, ensuring privacy for the residents.

The apartment equipment includes:

- electric underfloor heating
- PVC joinery with electric shutters and mosquito nets
- air conditioning in every room and the living room
- video intercom
- smart security entrance door
- first-class ceramics and parquet
- first-class sanitary ware and fittings
- interactive switches and sockets by LIVOLO
- photovoltaic power plant on the roof

The expected completion of the works is in the fall of 2024.
