The project includes the construction of luxury villas with a modern design in a unique location with stunning views of the Medas Islands, the Mediterranean Sea and the Baix Empordà coastline. The villas are located on top of an old quarry, surrounded by nature and beautiful panoramas.

Begur, in the heart of Empordà, is famous for its beaches and old town. The villas are designed to blend harmoniously with their surroundings and offer the best views. They are built to high sustainable standards, using local vegetation and natural stone.

Each villa is unique, has 4 or 5 bedrooms, high quality finishes and modern technology. The private urbanization is located 15 minutes from Begur, with controlled access and covered parking.
