Second floor: two separate apartments. Large apartment with three bedrooms, two bathrooms. Small apartment with one bedroom and one bathroom.

Third floor: unfinished premises in the rough work phase. It was supposed to equip two separate apartments. The configuration of the third floor assumes high ceilings (about 3-4 meters).

The site is divided into urbanized and non-urbanized parts. The urbanized part is 2010 m². It is possible to build an additional building on the site and expand the total internal area of all buildings to (BGRP) 1608 m². Buildings on the site cannot exceed three above-ground floors (P+1+Pk).

This plot represents an excellent opportunity for investment and construction projects, such as a mini-hotel of two buildings or a residential complex with apartments for sale.

Price: 600,000 euros
