This top-quality apartment is located on the second floor of a smaller residential building. It consists of a hallway, a spacious living room with a kitchen and dining room access to a covered terrace with a view of the forest, three bedrooms (one with its own terrace), and two bathrooms. The apartment has one uncovered parking space.

There is electric underfloor heating in the living room and bathrooms, while air conditioning for heating and cooling is installed in every room.

An interesting part of the property is its location, as well as the fact that it is next to the forest itself. This property has great potential for a family since it is close to kindergartens, schools, shops, and other amenities.
