An impressive three-floor development boasting a modern design with clean, free-flowing lines and striking details that blend harmoniously with the minimal design of the façade, adding an eye-catching finish to an already incredible design. Each flat offers a private and covered parking spot and has been meticulously designed to effortlessly balance luxury, comfort, and practical convenience whilst also delivering high-quality and eco-friendly design materials and techniques. Each flat features an en-suite master bedroom, open-plan living area, a dining room, as well as kitchen areas and balconies that offer breathtaking city views. Project features three spacious flats that offer a true open-living design as each flat takes up an entire floor. The penthouse comes with exclusive access to the rooftop garden, an area of pure relaxation with a private swimming pool, jacuzzi, and barbeque area. The building's ideal location is a prime central spot, just a few minutes away from some of the island's Blue Flag awarded beaches and a very short distance from a wide range of local amenities such as private and public schools, cafés, restaurants, supermarkets, and upscale shops.
