A 26-story skyscraper Tower is under construction on Agios Nektarios street in Limassol. According to the developer, the workers have erected 3 underground levels and 9 ground floors. Implementation of the project is proceeding according to the established schedule, without any delays. Therefore, if there are no force majeure circumstances, the elite high-rise will be delivered in 2025. Recall, that the building is being erected just 730 meters southeast of the beach. The project provides a luxurious, comfortable, and efficient working environment that meets the needs of modern businesses and employees. Furthermore, exclusive services include reception, concierge, cleaning and maintenance services, 24/7 security, recycling and waste management, energy management and emergency preparedness.
