Laguna Homes, a luxury villa project providing an exceptional living experience, with a large built-up area starting from 400 square meters in a sophisticated contemporary style. A unique feature of the project is that each villa has panoramic views of the golf courses. The number of bedrooms varies from 3 to 5, but the heart of each villa remains low-lying. It has a large family living and dining room which opens onto a terrace with a swimming pool. The construction of the first villas was completed in the early 00s, but many new villas were built in 2020-2023.
