You will become the owner of a unique property, since there will be no villas with the same design in the project; in the future, this technique will increase the value of the villa on the market. The living room is a 6 meter high Thai style gable, completely covered with wooden tanks. The villa is designed in such a way that all bedrooms are located on the ground floor, with the master bedroom having direct access to the pool and an enlarged bathroom. The price includes a built-in kitchen of European quality from Germany (10-year warranty), air conditioning with inverter technology.
