Avant Garden Villas are located on a picturesque slope, each villa has panoramic sea views. The villas are distinguished by their modern design in light colors; great attention is paid to the selection of high-quality materials from leading brands. Panoramic windows provide the best natural light. All rooms have finishing work, air conditioners and ceiling fans, plumbing and built-in furniture and appliances are installed. Since the project is being built off-plan, 5-6 private villas can be built on the plot, so that you can choose a comfortable plot size.
