The villa is finished to the highest standard, featuring Turkish travertine, stone, Indian slate and European timber work. In addition to five luxurious bedrooms, two of which are on the top floor, the villa features a staff quarters with separate kitchen and bathroom. The common living area includes a living room, dining room for 8-10 guests and a modern European kitchen. The room is complemented by vaulted ceilings, panoramic windows and second light. This visually increases the space and blurs the boundaries between the house and the surrounding nature.
