Krk, house with 3 apartments by the beach, first row to the sea. This exceptional property, newly built in a modern style, spans 4 floors with three spacious apartments featuring loggias and terraces, plus a basement area.

The living area in all apartments faces the sea and is bathed in sunlight. The architectural design allows for plenty of natural light through large glass surfaces, offering an outstanding view.

The house is ideal for living, providing complete comfort, or for tourism due to its exceptional location on the market. Few properties offer such a safe environment where families with children don't have to cross busy roads to reach a beautiful beach in just a few steps.

A bus stop and the center of Krk, with all amenities, are nearby. The landscaped yard of 480 m<sup>2</sup> includes a barbecue area and a space for social gatherings.

This property is a unique opportunity, and we proudly offer it as such.
