Gundulićeva street, a spacious three bedrooms apartment with an area of 180 m2 on the second floor of a building that is currently undergoing a complete structural renovation.

The roof was rebuilt after the earthquake, as were the chimneys, and a new condensing boiler was installed.

It consists of a hallway, a large living room and dining room, a study, two bedrooms, a wardrobe, a bathroom, a kitchen, a pantry and a balcony. All rooms are very spacious. The orientation of the apartment is west-south. Beautiful view and lots of daylight.

The apartment was thoroughly adapted in 2005, when all installations, electricity, water and gas were changed, new double windows, all internal carpentry were renewed.

Excellent location.

We are available for all other questions.
