The villa can accommodate 12 people at the same time - 3 separate buildings provide guests with maximum privacy. Bedrooms are located on different levels or in different locations, so friends, guests or family members remain isolated from each other.

The main building has two living rooms: the most spacious one with a fireplace and art objects, and another one on the ground floor. A modern multimedia system with satellite TV and excellent acoustics allows you to watch your favorite sports broadcasts, as well as fashion shows.

The kitchen is fully equipped with all necessary appliances, crockery and cutlery. The large stylish dining area has stunning sea views.

The villa is located in one of the most beautiful corners of the island. The winds are minimal compared to other areas of the island. In addition, you only need to spend 7 minutes to reach the quiet family beach of Agrari on foot, or you can walk 12 minutes to reach the popular Elia Beach.

There are two convenient parking lots for 5 cars.
