The buildings and their surrounding spaces were designed to emulate modern Mediterranean living. Open spaces and public areas offer "several amenities", while clean lines and modern glass and wood facades are a reminder that this is not quite France.

MBR City is a central yet calm corner of the city. Featuring a vibrant canal, extensive and beautifully landscaped parkland, meandering pedestrian paths, large open spaces and breathtaking architecture, it offers a chic and tranquil lifestyle while immersing residents in unparalleled convenience and connectivity. Riviera brings French Mediterranean lifestyle to the heart of Dubai. The inspiration drawn from the coastal region of southern France is not just architectural art, it is a certain "joie de vivre" - an enjoyment of life, an exultation of the spirit.
