Very nice house, two floors with a comfortable attic, in the city of Herceg Novi. This city was founded in the 14th century, although it is younger than its neighbors, but there are many architectural monuments here. In the vicinity there are springs with mineral water, there are also therapeutic muds. This is a good SPA resort. Having bought a house in Montenegro, namely in Herceg Novi, you will get the opportunity to improve your health and have a good time. The house is fully equipped, with all furniture. It has five bedrooms, a large living room, two bathrooms and, of course, a kitchen. All together 250 sq.m., the same size of the plot. Near the house, there is a place for your car. To the sea to go less than ten minutes. But if you want to sunbathe, then you can use one of the five large terraces.
