Located in the closed guarded area, a residential complex «Green Village» includes two types of objects of property: 7 cottages and 12 apartments in townhouses. Compact and hidden from prying eyes by forest and greenery, the village has an elitist character, granted by the small number of buildings around and by the low-rise size of the buildings.

The main features of the village:

- Security is provided to the villagers by the use of electronic surveillance systems and by the physical presence of security officers.
- The village is bordered with a forest, which was equipped to serve as an area for great picnics.
- In the administrative building for the villagers and their guests are situated hall for events (conferences, family celebrations), as well as a relaxation area (sauna and swimming pool).
- Handling company provides property management services, as well as providing 24/7 concierge service.
- In the village there are various sport and children's playgrounds.
- Concierge service.

We have access to all available houses and townhouses for sale in this village. Please contact us for checking the sales status, requesting further detailed information, get floor plans, scheduling viewings, negotiating offers, etc.
